Safe ways of working

Staff, volunteers and contractors must be familiar with

(insert name of organisation) Code of Conduct.

(insert name of organisation) strongly encourages staff and volunteers not to:

- drive a child or young person home or to any other place (other than your own child)
- find yourself left alone with a child or young person in a vehicle or club premises (other than your own child)

- use your own vehicle to transport children and young people at any time, either to and from a training session or to away matches (other than your old child).

There may be occasions where a child or young person requires transport in an emergency or where not transporting them may place a child or young person at risk. These circumstances must be immediately communicated to parents, caregivers and whānau and a line manager at the time and be recorded and reported to a CSR and parents/caregivers within 24 hours.

If a situation occurs when a driver is unable to avoid being alone in a vehicle with a child or young person, then the driver must ensure that the child or young person is in the back of the vehicle sitting behind the passenger seat.

A risk assessment must be carried out and risk managed before transporting children and young people to an event including:

- any particular transportation or health needs of the children and young people
- the safety and appropriateness of the vehicle
- the length and planned route of the journey and rest stops
- weather and traffic conditions
- how many drivers are required to allow regular breaks
- child to adult ratios.

Staff and volunteers must report any safety and child protection concerns in relation to a child, young person, staff member or volunteer to CSR
